ACCESSORIES – FOR PAGES 38-41 ONLY

Accessories clip into flat plate switches - please note that they will not clip into any power points as the mechanisms are one moulded piece.

Dimmers and fan controllers are variable speed and require a switch to turn on and off. Dimmers are suitable for most applications including low voltage downlights and incandescent lights - not suitable for LED.

Standard switch mechanisms supplied are 10 AMP - 2 way, 15, 20 and 35 AMP mechanisms are available (rocker only). 3 way intermediate rocker switches are available (to suit flat plate ranges only).
